Health Programme of the
European Union

The AMEQUIS project, which aims to develop an integrated Assessment, Monitoring, Evaluation and Quality Improvement System (AMEQUIS) for ERNs, is currently ongoing.

The first stakeholder conference, on April 12-13, 2021, aims to bring together ERN Coordinators and Project Manager, ERN Board of Member States, the European Commission/HaDEA and patient representatives to provide input to identify the strengths and weaknesses of current procedures and possible areas of improvement, in particular, related to the assessment, monitoring, and evaluation processes.

April 12-13, 2021 from **Monday 9.30 AM to Tuesday 16.30 PM**

WebEx (link shared upon confirmation)

ERN Coordinators and/or Project Managers of each ERN, ERN Board of Member States representatives, the European Commission/HaDEA, and patient representatives

The conference will consist of 5 different online sessions which will include break-out and plenary sessions, in which you will be asked to actively contribute to discussing the current assessment and monitoring procedure and the future evaluation procedure of ERNs.
